

Heat Treated Pallets: ISPM15

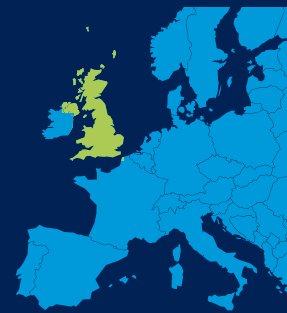

All pallets must be **heat treated** and **stamped** as ISPM15 compliant

What is ISPM15?

An international regulation that requires wood to be treated for pest control. It applies to all pallet wood and wooden collars of boxes:

- > packing cases
- > boxes
- > crates
- > drums and similar containers
- > pallets, box pallets, pallet collars
- > other load boards
- > dunnage

When are heat treated pallets needed?

✓ **GB to EU**
✓ **EU to GB**
Pallets must meet ISPM15 regulations

✓ **GB to NI**
Pallets must meet ISPM15 regulations

✗ **NI to GB**
Pallets do not need to meet ISPM15 regulations

✗ **NI to EU**
Pallets do not need to meet ISPM15 regulations

EU to NI
